

Build With Purpose

P-156

EXPOSED

PIPE

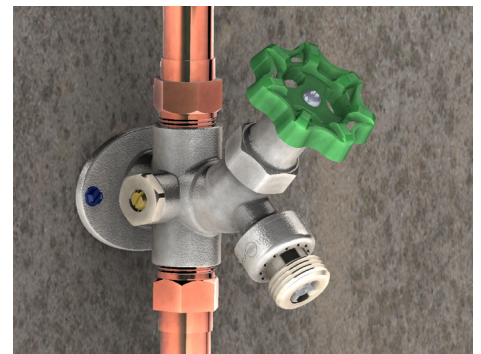

SILLCOCK

Great for parking garages, warehouses, fire stations, airport hangers, metal buildings, garden centers, green houses, basements, boat docks or anywhere there's an exposed pipe.

NEW FROM PRIER

- Integral stop allows valve to be shut off and serviced without turning off entire system
- Inlet option on top and bottom for flexibility during installation
- ASSE 1011 & 1052 options available
- Nickel plated brass for long-life durability
- Handle and loose key options available
- Includes brass plug for easy close-off and “drain down” for the system
- Allows inlet and outlet to tie multiple systems together
- Large flange for mounting directly to the structure or wall
